**Subject:** Reminder: Invitation to Participate in the Delta ISB's Questionnaire on Estimating Water Supply Reliability

---

## California Water Quality Monitoring Council

---

Dear CWEMF Members & Friends,

Please see the message below sent on behalf of the Delta ISB:

To whom it may concern,

As you may know, the Delta Independent Science Board (ISB) is undertaking a review on the science and methods to estimate and evaluate water supply reliability in California (see [prospectus](#)). To help inform the review, we hosted a workshop on January 10, 2019, to help identify priorities for research, areas for collaboration, and directions for improved analysis (see [event page](#)). We would like to thank everyone who attended the workshop. If you were not able to make the workshop, the video is archived at: <http://cal-span.org/unipage/?site=cal-span&owner=DISB&date=2019-01-10>.

Currently, the Delta ISB is working to summarize information obtained at the workshop and the responses received from the questionnaire (see below): [https://docs.google.com/forms/d/e/1FAIpQLSez7cRUrR\\_AxI7hLf9I\\_gqgwRGOv7wjdBsiOVrN7WvsHly8Pg/viewform](https://docs.google.com/forms/d/e/1FAIpQLSez7cRUrR_AxI7hLf9I_gqgwRGOv7wjdBsiOVrN7WvsHly8Pg/viewform).

The purpose of the questionnaire is to help develop an inventory of current water supply reliability estimation efforts and to understand the applications of the estimation efforts. **The Delta ISB will consider responses received through 5:30 pm on Friday, January 25, 2019.** Please consider filling out the questionnaire if you have not already.

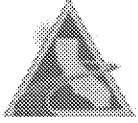

Thank you for your consideration.
